## **1. WELCOME**

General greetings

## **2. CONFIRMATION OF MINUTES**

Minutes of the meeting of the 30<sup>th</sup> of March are confirmed.

## **3. GOALS**

- Get updates on where each task is currently
- Emphasize the need of keeping the Git Repository up-to-date

## **4. DECISION TAKEN AND UPDATES**

- PCA graphing is working and waiting for UI update and need to start importing file
- ADMIX is taken by Mtho (Harvey in an assisting role) and is almost fully functional also waiting for UI
- UI Mock up almost done
- Minutes are typed and will be sent to all team for confirmation
- Status of the next milestone deliverable: Almost completed.
- There is a need of writing down the final framework and design but a consultation is needed and will take place after/during the meeting with the client on the 9<sup>th</sup> of April
