Apologies :

None

1. WELCOME

General greetings

2. CONFIRMATION OF MINUTES

Minutes of the meeting of the 19th of April are confirmed.

3. GOALS

- Discuss each member's progress over the past two weeks
- Report any issues and brainstorm solutions
- Respond to feedback given by project owner

4. DECISION TAKEN AND UPDATES

- With feedback from project owner, the group will look into using the pickle module in python. This will be used to implement saving/loading of graphs
- Further work will be done on UI design
- More solutions for embedding graphs into the UI will be researched
